

**LEGAL NOTICE**

**STATE OF LOUISIANA, OFFICE OF CONSERVATION, BATON ROUGE, LOUISIANA.**

In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of Louisiana Revised Statutes of 1950, a public hearing will be held in the Hearing Room, 1<sup>st</sup> Floor, LaSalle Building, 617 North 3<sup>rd</sup> Street, Baton Rouge, Louisiana, at 9:00 a.m. on **TUESDAY, OCTOBER 21, 2008**, upon the application of **EL PASO E&P COMPANY, LP**.

At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of Orders pertaining to the following matters relating to the **Haynesville Zone, Reservoir B**, in the Bethany-Longstreet Field, DeSoto Parish, Louisiana.

1. To create two (2) additional drilling and production units for the exploration for and production of gas and condensate from the Haynesville Zone, Reservoir B.
2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within each of the proposed units in accordance with Section 10, Title 30 of the Louisiana Revised Statutes of 1950, with each tract sharing in unit production on a surface acreage basis of participation.
3. To designate an operator of, and unit wells for, the proposed units as may be appropriate.
4. To define the Haynesville Zone, Reservoir B, as to the proposed additional units HA RB SUCC and HA RB SUDD, as the stratigraphic equivalent of the gas and condensate bearing interval encountered between the measured depths of 10,260' and 11,860' in the Bidas Energy USA, Inc.-David Mason 27 No. 1 Well, located in Section 27, Township 13 North, Range 15 West.
5. To provide that for horizontal wells drilled within these proposed units, where the horizontal portion of the well is cased and cemented back above the top of the Haynesville Zone, the distance to any unit boundary will be calculated based on the distance to the nearest perforation in the well and not based on the penetration point or terminus.
6. To expand the provisions of Office of Conservation Order No. 289-8, effective December 15, 1998 and Order No. 289-10, effective September 10, 2002, authorizing downhole combination of production from the Hosston Formation, Reservoir A, underlying HOSS RA SU15 and HOSS RA SU9, with production from the Cotton Valley Formation, Reservoir A, underlying CV RA SUDD and CV RA SUKK, so as to include production from the Haynesville Zone, Reservoir B, underlying the proposed units HA RB SUCC and HA RB SUDD, in any well in which the interests in the units from which production is to be combined downhole are identical.
7. To extend, except as in conflict herewith, the provisions of Order No. 289-R-1, effective April 29, 2008, and of all applicable Statewide Orders, to the proposed additional units.
8. To consider such other matters as may be pertinent.

The Haynesville Zone, Reservoir B was initially defined in Order No. 289-R-1, effective April 29, 2008.

A plat is available for inspection in the Office of Conservation in **Baton Rouge and Shreveport**, Louisiana.
